PORTFOLIO

ABOUT ME

I am a responsible, organized person with a passion for frontend development. I love working in communicative teams where we can contribute ideas and solutions. In 2021, I decided to redirect my career towards the field of information technology (IT), and since then, I have been training in frontend development.

PROFESSIONAL EXPERIENCE

Junior Frontend Developer
Freelance | September 2022 – Present
- Design and creation of websites using technologies such as HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, React.js, Next.js.
